

WebEOC – TSA-E Medical Dashboard

The new **TSA-E Medical Dashboard** provides greater functionality and several features not included in previous versions. In the **TSA-E Medical Dashboard** you are able to update the facility status, surge strategies, bed reporting, vent totals, psych beds, demographics, capabilities, facility decon, and radiology inputs.

Accessing the TSA-E Medical Dashboard

1. Login to **WebEOC**.
2. Open the **TSA-E Medical Dashboard** by clicking on the title “**TSA-E Medical Dashboard**” on the Control Panel:

3. Click on the **Update** button next to your facility name:

Medical Dashboard

Updating Facility Status

1. Scroll down to the **Status** section (orange section):

A screenshot of the Medical Dashboard Status section for Baylor All Saints Medical Center - Fort Worth. The 'Status' section is highlighted with an orange header. Below the header, there are several status fields with dropdown menus: Divert Status, Decon Capability, HCC Status, Hospital Security Status, Disaster Status, and Evacuation Status. The 'Go To' buttons (Status, Surge Strategies, Bed Reporting, Vent Totals, Psych Beds, Demographic) are circled in red.

Note: you can click any of these buttons to take you to that section.

2. Answer the questions by clicking on the arrow on the right of each status.
3. Click on the button.

Updating Surge Strategies

1. Scroll down to the **Surge Strategies** section (purple section):

Surge Strategies

Has your facility implemented surge strategies? Yes ☒ No ☐

Which of the surge strategies have you implemented?

☐ Expanding bed capacity within existing spaces (elective surgeries, etc)

☐ Surge in place strategies (e.g. early discharge, cancel)

☐ Augmenting personnel (e.g. extra shifts, volunteers, change in nurse to patient ratios, etc)

How do you plan to expanded capacity beyond existing spaces?

☐ Establishing alternate care sites (to support emergency department and/or inpatient activities)

☐ Activating mobile units

☐ Activating mobile medical units

☐ Requested mutual aid to support surge strategies (e.g. staffing, mobile units, etc)

☐ Other
